### **WOODBINE MUNICIPAL ALLIANCE HOLDS WORKSHOP AT QUARTERLY MEETING**

**Woodbine**—Mayor William Pikolycky wishes to inform the community that the Woodbine Municipal Alliance will hold a special Board training workshop at its quarterly meeting on Tuesday, June 3, 2014, at 5:30 pm, at the Anne Azeez Instructional Site of Stockton State College, 610 Washington Avenue, Woodbine. The meeting is open to the public and everyone is invited to attend learn more about the work of the Municipal Alliance.

The meeting will include a training workshop, facilitated by Temerity Berry of Cape Assist, concerning "Current Drugs Trends" which will address issues specifically of concern in Cape May County and how to help become a part of the solution to these epidemic substance abuse problems.

"I hope as any members of the community as possible will come out to this meeting and learn how to become involved with and support the work of our Municipal Alliance in addressing the increasing drug problems within our County by becoming Alliance members," encouraged Mayor Pikolycky.
