PUBLIC HEARING SCHEDULED APRIL 29 FOR WOODBINE HOUSING REHAB PROGRAM

Woodbine—Mayor William Pikolycky is pleased to announce that a Public hearing is scheduled for April 29, 2011, at 3 p.m. at Woodbine Borough Hall in order to review the performance and status of activities and to identify future activities of this Community Development Program.

This second hearing is in addition to a Public Hearing that was held in the planning stages of this Program and prior to submission to the Application for Small Cities funding.

The Borough of Woodbine is presently implementing a Small Cities Community Development Block Grant Program for housing rehab in Woodbine. This program is designed to aid full-time residents of the Borough of Woodbine who are low to moderate income with much needed repairs to their homes that they are unable to do without assistance.

“Everyone is invited to give their input either at the Public Hearing on April 29 or by written comments,” added Mayor Pikolycky.
