WOODBINE RECREATION IN CONJUNCTION WITH WOODBINE ELEMENTARY DISTRICT TO OFFER RESUME AND JOB APPLICATION CLASSES

Woodbine—Mayor William Pikolycky is pleased to announce that Woodbine Recreation in conjunction with Woodbine School District plans to offer resume and job application skills classes.

Woodbine Recreation Commission in partnership with Woodbine Elementary School will be holding classes, at dates to be determined following registration, in the school computer lab.

These classes will be open to youth and young adults needing help in writing a resume, filling on-line job applications, or improving interview skills.

If you are unemployed or underemployment and need help in resume writing and/or job application assistance, please call Woodbine Elementary School at 609-861-5174 or the Woodbine Recreation Commission at 609-861-2800 to sign-up to participate in this worthwhile program.

Any questions or for more details, leave a message on the Recreation Commission line for Woodbine Recreation Chair Lisa Feliciano-Toney.

“If you can’t find a job, don’t understand the job seeking process, or are being passed over for jobs you may be qualified for due to having limited or no experience, these classes are for you,” noted Mayor Pikolycky.
