WOODBINE PARTICIPATES IN STOCKTON STATUS CELEBRATION

Woodbine—Mayor William Pikolycky is pleased to share the news that the Borough of Woodbine, home to the Anne Azeez Instructional site of the now Stockton University, was honored by being invited to be a part of the celebration on February 20 marking the granting of University status to the former Richard Stockton College of New Jersey.

“My daughter, a Stockton alumna at both the undergraduate and graduate levels, and I were proud to have been asked to participate in this joyous event. Dr. Saatkamp in his remarks mentioned both the Borough of Woodbine as having a branch and myself as Mayor,” commented Mayor Pikolycky. “I was grateful to have been part of this history-making special event, and having a chance to meet the Stockton mascot”
