WOODBINE PRESENTED WITH SUSTAINABLE JERSEY RE-CERTIFICATION PLAQUE AT NEW JERSEY LEAGUE OF MUNICIPALITIES

Woodbine— The Borough of Woodbine was honored at the eighth-annual Sustainable Jersey Awards Luncheon at the November 2016 New Jersey League of Municipalities Conference.

Sustainable Jersey presented the Borough of Woodbine with a plaque recognizing that the Borough of Woodbine has been certified through 2018, with a total of 160 points, as a Sustainable Jersey Bronze community. Woodbine was first certified by Sustainable Jersey in 2009.

Woodbine met the rigorous requirements to achieve Sustainable Jersey certification and is one of 57 who attained certification in 2015. Sustainable Jersey's participating communities represent over half the state's municipalities and nearly 87 percent of its population.

Municipalities that earn this certification are considered by their peers, State government, experts, and civic organizations in New Jersey to be among the leading communities in the state.

"I am proud, both as Mayor of Woodbine and as a Sustainable Jersey Board member, of this achievement attained by our community."
