BIDS RECEIVED FOR WOODBINE MUNICIPAL AIRPORT - TAXIWAY A REHABILITATION STAGE 1

Woodbine—Mayor William Pikolycky is pleased to announce that bids were received on June 8, 2016, for the Woodbine Municipal Airport - Taxiway A Rehabilitation Stage 1 Project.

Bidders were: South State, Inc., \$282,062; AE Stone \$297,000.

This project is being funded by a New Jersey Department of Transportation, Division of Aviation, Bureau of Multimodal Grants & Programs, in the amount of approximately \$400,000. This fund will cover the cost of construction and construction management for the project.

Taxiway A is a primary taxiway which serves as the only connector between the approach ends of Runway 1 and 31. Stage 1 of this project will rehabilitate approximately 1,000' x 65' section of Taxiway A between Runway 1-19 and Runway 13-31. Stage 2 of the project will be the second half of the taxiway consisting of another 1,000' x 65'. The scope of work includes repairing cracks, reconstructing portions of the taxiway that have failed, mill the top surface course, and provide an overlay of the taxiway with bituminous pavement. The project will also include taxiway markings. The duration of the project will be 21 consecutive calendar days.

“We plan on awarding this contract at the Woodbine Port Authority, June 27th meeting,” added Mayor Pikolycky. The anticipated start of this project will be July 25.
