### **WOODBINE MAYOR PROCLAIMS WEEK OF THE YOUNG CHILD**

**Woodbine**—Mayor William Pikolycky is pleased to Proclaim the week of April 24 through 28 “The Week of the Young Child” in the Borough of Woodbine.

In his Proclamation, which will be read at an April 27 celebratory assembly, the Mayor acknowledged both Woodbine School District’s Early Childhood Program along with the Gateway Head Start and Early Head Start programs, located at a Borough-owned facility across from the Woodbine Community Center.

“Early literacy programs are foundational to all further learning experiences,” the Mayor noted. “All those involved in early childhood education are to be commended for their commitment to this.”

The Mayor further noted that bids will be going out in the near future for total renovations and upgrades to the Head Start facility, which are being funded under a grant from the New Jersey Department of Community Affairs. This work is targeted for completion by September 2017 prior to the start of the next schoolyear.
