COUNTY LIBRARY PRESENTS HERB DEMO AT WOODBINE BRANCH

Woodbine—Mayor William Pikolycky is pleased to announce the Cape May County Library will present an Herb Dish Garden demonstration at the Woodbine Branch of the Cape May County library, 800 Monroe Street, Woodbine, on Saturday, June 2, from 10 to 11 a.m.

The presenter will be Joseph Alvarez, who regularly gives gardening and horticultural programs at various Cape May County library locations, including Woodbine where he continues to be a much-sought after speaker.

Joe has a Bachelor of Science Degree in Biology/Environmental Science, is a founding member of the Cape May County Beach Plum Association, a member of the state Beekeepers Association and is active in many county and agricultural programs in South Jersey.

Herbs have and always will play a vital role in man's existence. Herbs have been used in many aspects of everyday living from preservation to homespun remedies to fabric dyes. Joe Alvarez will discuss the history, practical use of, and gardening of herbs and also help participants decide which herbs would be best for your home and guide you through the planting process.

"We are delighted that the library is again holding this program here in Woodbine, this time on a Saturday morning," added Mayor Pikolycky. "Joe has inspired us to consider an edible herb garden in the back of Borough Hall."

Registration begins 5/7/2018 at 9:00 AM. For more information and to register for this program, call the Woodbine library branch at 861-2501 or the Adult Programming Department at the Main Library 463-6386.
