Create a Mosaic Picture Frame Workshop At Woodbine Library Branch

Woodbine—Mayor William Pikolycky is pleased to announce that the Cape May County Library will be holding a two-day workshop at the Woodbine Branch, located at 800 Monroe Street, Woodbine, on Thursday, January 16 and Thursday January 23, 2014, both from 4:30 to 6 pm, on how to use the mosaic technique to create a stained glass panel without cutting and soldering.

Instructor Michele Pasciullo will demonstrate how to make a colorful geometric design to catch the light in a sunny window, a lovely addition to participants' décor or a handmade gift for someone special.

Michele Pasciullo is a graphic designer with an AA from Cumberland County College. A member of Ocean City Fine Arts League, she's displayed and sold her work at local shops as well as given home parties and workshops.

"I am delighted that the County Library has expanded its offerings in Woodbine to now include arts-and-crafts workshops, and hope many of our residents and neighbors will take advantage of this delightful program," added Mayor Pikolycky. "I look forward to this being a well-attended workshop."

A nonrefundable materials fee of \$5 per participant is due at time of registration. Registration opens December 16 at 9 a.m. Contact the Main Branch at 463-6386 or visit www.cmclibrary.org for more event information. Please visit any of their Branches to register in person.
