The Teen Department of the Cape May County Library will be hosting after-school activities (games, crafts, and other fun) for students in grades 4-8 at the Woodbine Branch library, on April 10 and April 24. The programs will be held at 2:30 p.m. Tuesdays.

Planned projects are quick-dry clay and tote bag decorating.

Registration is not required for these programs.

For more information, please call the Teen Department at (609) 463-6340 or email teen@cmclibrary.org.

"Participants are ranging in age from 6 to 12. The students look forward to the programs and want to remember "when the next one is" so they can make it," added Mayor Pikolycky. "Second and last Tuesdays of the month, guys! Hear the plan is for messier crafts (tie-dye, slime) outside once the weather cooperates. Great fit for our classroom in nature once that's completed!"
